

# About Us

The BIOCOM Institute is the pinnacle of talent development. We work with the life science industry to create training that accurately addresses the constantly evolving bioscience landscape.

BIOCOM is also the largest regional life science association in the world, representing more than 550 member companies in Southern California. The association focuses on initiatives that positively influence the region's life science community in the development and delivery of innovative products that improve health and quality of life. This includes initiatives in capital formation, public policy, workforce development, group purchasing and member services such as networking events.

# BIOCOM Institute

Gold Standard in  
Life Science  
Knowledge

# Our Mission

To provide Innovative training programs that are industry-driven and contribute to life science innovation.

# Our Vision

A community of life science professionals who share knowledge as engaged citizens, contributing to the success of our industry.

# Our Approach

In pursuit of this mission, we focus on the ideas that have the power to reshape the life science industry.

# Our Values

**Teamwork** - We take joint responsibility in all that we do.

**Commitment to Service** - We endeavor to provide the highest value to our members.

**Passion for the Cause** - We believe in the mission of the life science industry.

**Innovation** - We evolve to address the changing needs of our community.

**Striving for Excellence** - We go the extra mile to exceed our goals.

# Programs

BIOCOM partners with the best training providers in the region to provide courses and workshops that are specific to the life science industry.

## Current Programs:

- BioCollaborative Life Science Immersion Program

## Future Programs:

- BioCollaborative Life Science Immersion Program
- Mentorship Program
- Women in Bio (science)
- Community Involvement: Contest, Social Innovation, ect.
